### HOW CAN I HELP YOU?

I provide physicians and dentists with headshots and lifestyle portraits to help them leverage their brand and tell their unique story through my photography and personal coaching.

### MEDIA EXPERTISE

I am a professional speaker and board-certified emergency medicine physician and who shares my passion for photography as well as current medical knowledge with national and international audiences. I encourage others with a strong, genuine message while authentically connecting with them. I have been featured on ABC and CBS.

### AUTHOR

I am an author who has written *The Camera-Ready Doc: A Guide for Doctors and Dentists Who Want to Look Their Best in Front of the Camera*.

# About Dr. Leslie

Dr. Leslie Sharpe is a board-certified emergency physician, as well as a professional photographer, author, speaker, medical missionary and image coach. She has a passion for helping others to show their best self through lifestyle portraits. After more than 20 years in practice, she can easily recognize the needs of her fellow physicians. The importance of portrait images in today's digital society means that a great image critical.

## My Story.....

My father, who enjoyed photography as a hobby, introduced it to me as a young child. I remember his trusty Canon AE-1 hanging around his neck as we enjoyed our family vacations. I began my desire to capture the world around me as a young adult and have enjoyed the continuation of my skills development.

In the past few years, I made the decision to change the focus of my photography from nature and wildlife, to portrait photography. This change has led me to discover my true purpose. Through photography, I am able to help others achieve their professional dreams while saving precious time which they can spend with their family or friends. I have also been able to take my message about the importance of image to young people as I travel in the US and internationally.
